RESTRICTION BILL GOES TO SENATE FINAL PASSAGE

(By the Associated Press)
WASHINGTON, April 23.—The emigration restriction bill passed yesterday by the house is to be pressed through the senate probably next week under plans of senate leaders.

Chairman Colt of the senate emigration committee said today that the committee would meet Tuesday to consider the house bill and also a similar senate measure. He added that it was possible that the house bill would be accepted without change.

REPARATIONS IS THE BIG QUESTION

What Germany Will Do Is Question In All the Nations.

(By the Associated Press)

LONDON, April 23.—British governmental authorities awaited with keen interest today the announcement at Berlin of Germany's policy relative to reparations. Dr. Walter Simons, German foreign minister, was expected to voice the "last word" of his government on the subject which is considered as the most vital question before the entente at the present moment, and there was evidence in this city of an inclination to see Germany make an offer, reaching a decision, as to what future steps the allies would take in enforcing their demands upon the Berlin cabinet.

Germany's appeal to the United States to act as arbitrator in the reparations problems and the American rejection of that role brought into the situation certain complexities which seemed to place before the British and French premiers questions of considerable delicacy. The view that the answer of the Washington government had intimated a readiness to act as intermediary in bringing about new negotiations gained ground here yesterday, and added considerably to the preoccupation felt in official circles over the reparations settlement.

It appeared certain that Lloyd George and M. Briand would be called on at their meeting at Lympe tomorrow, either to reject the good offices of the United States or reopen negotiations, but today there seemed to be a feeling that the announcement of Germany's policies might clear the way for the premiers to reach a decision without rejecting any offers that might come from the American Capitol.

A REPLY TO THE HUGHES NOTE IS EXPECTED TODAY

WASHINGTON, April 23.—The German reply to Secretary Hughes' communication offering to consider bringing to the attention of the allies any reparations proposals the government might make, was looked for today at the state department.

In case German proposals are received for transmission, it is understood that the American government will first advise the allies, separately, of their general character and if a disposition is then shown by the powers to consider them, will transmit them formally to the allies as a whole. At the same time the American government will not serve as sponsor for the proposals or assume any obligations that might prove embarrassing in bringing them to the attention of the allies.

147½ Acre Tract Located One-Half Mile South of Well.

Seventy thousand five hundred dollars was the enormous amount paid today for an oil and gas lease on 147½ acres, located in the southwest quarter of section 4, township 4 north, range 5 east. The lease was sold at public auction in the district court room by Robert Wimbish, the legal representative of Robert Norman Hatcher, a minor, to the Lowry Oil Corporation of Muskogee, the highest bidder.

Immediately after the sale George A. Lowry, president of the corporation, came forward and paid L. A. Ellison, the guardian for the minor, \$17,625 which is 25 per cent of the purchase price and the remainder will be paid as soon as Mr. Lowry's attorney approves the title to the land.

A number of oil men were present and competition was strong, the acreage being bought on the 49th bid. The land is considered a very choice piece of oil property, the nearest part of it lying one half mile south of the Carter-Nance-La-Selle well, and it is thought that the \$477.96 per acre price is the largest ever paid for an oil lease in Pontotoc county.

The Terms
At the beginning of the sale Mr. Wimbish announced that the lease would be first offered for sale in parcels, three of 40 acres each and one of 27½ acres. Then the prices bid for the separate pieces would be aggregated and the entire tract would be offered for sale to the one who would make the highest bid. It was also announced that no bids under \$200 an acre would be considered.

The 27½ acre tract, comprising the northwest quarter of the southwest quarter of section 4, township 4, range 5, less the 12½ acre townsite at Bebee, was offered for sale first. No bids were made and Mr. Wimbish passed to the northeast quarter of section 4.

The first bid was \$200 an acre. Max Westheimer of Ardmore raised the bid to \$225 and no other bid was made.

Next, the southwest quarter was offered. The first bid of \$200 was promptly raised to \$210, then \$225 and was sold on the fourth bid to the Humble Oil and Refining company for \$230. Mr. Goddard of Ardmore making the bid for the company.

Next the southeast quarter was offered. Starting at \$200, this tract was bought by Mr. Goddard for \$230 on the fourth bid.

\$430 Per Acre
Then, Mr. Wimbish returned to the original 27½ acres on which no bids were received when the tract was first offered. Starting with \$225 per acre, the bids mounted to the high water mark of \$430, the price offered by Mr. Goddard on the third bid.

Upon totaling the amounts offered for the four tracts, it was found that \$39,225 was the aggregate. With that amount as the basis the entire 147½ acre tract was offered for sale to the highest bidder. Thirty-nine thousand five hundred dollars was the first bid made, and the announcement was received with great enthusiasm by the eager crowd which jammed the court room.

Mounting up, up, up at from \$250 to \$3,000 a jump, the price reached \$70,500 on the 49th bid and after waiting in vain for the other men to raise it, the auctioneer announced that the entire tract was sold to the Lowry Oil Corporation of Muskogee.

A Game of Poker.

Some of the biggest oil men in the state of Oklahoma and Texas were in the crowd and took part in the bidding on this choice property. From time to time, when a large bid was announced by one of the financiers, the crowd would create an uproar and a great many sallies were made back and forth by the oil men, who seemed to enjoy the "sport" and referred to it as a game of poker, with the whole card concealed and the joker and deuces wild.

When Mr. Lowry walked up to pay Mr. Ellison for the lease, all of the other men who had been bidding against him came forward and congratulated him, wishing him the best of fortune with his newly acquired acreage.

Immediately after the sale Mr. Lowry said to a representative of the News that the Lowry Oil Corporation will commence the development of the land as soon as machinery can be placed on the field. The concern has a capital of ten

TEXAS BURGLAR CAUGHT IN ADA

Postoffice Robber Grabbed While Uttering Forged Instrument.

L. C. Roberts was arrested in Ada this morning by Sheriff Duncan while trying to cash a forged post office money order. He is wanted in Texas for burglarizing the post office at Luella and stealing a number of blank money orders. Roberts is now confined in the county jail pending the arrival of instructions from the federal and Texas authorities.

Several days ago Post Master Westbrook received a warning from the post office inspector at Austin, Texas, that burglars had stolen a number of blank money orders from the Luella post office in Grayson county and to look out for one of the orders. This morning Roberts appeared at the post office and tried to cash one of the orders that Mr. Westbrook had been warned to look for. He was soon in the possession of the officers and on the inside of the county jail.

In Roberts possession when he was arrested were several articles of clothing and a handbag said to have been stolen at Luella when the post office there was robbed. The Luella post master in long distance communication with Sheriff Duncan stated that the articles answered the description of the stuff stolen at Luella. It is stated that Texas officers will arrive in Ada tonight to take Roberts back to Texas, provided he will sign a waiver and go back to Texas with out extradition.

Chicken Thieves Operating in the Bebee Community

Sheriff Bob Duncan received a call last night to come to Bebee and get a pair of chicken thieves who had been apprehended in that community. When he got to Bebee, however, the thieves had disappeared. The sheriff recovered a coop of stolen chickens and the wagon and team employed by the thieves in their raid. It is said that the pair of thieves are a couple of young men named Crane and Sparks. Under the Oklahoma statutes chicken stealing is a felony punishable by imprisonment in the state penitentiary.

EGYPT BRIDGE TO BE CONSTRUCTED

Bridge On Oil Field Road Will Be Built at Once.

Plans to build a new bridge across Sandy on the Egypt road formulated this morning at a joint meeting of the county excise board, the board of county commissioners, and the directors of the Ada Chamber of Commerce.

The tremendous increase of traffic on the Egypt road caused by the discovery of oil at Bebee has created an emergency that requires immediate action. To confer on the matter of relief the different organizations interested in the project met at the court house this morning. It was decided that the exigencies of the occasion require the construction of a new bridge across Sandy and that the bridge be built at once.

At the present time it will be somewhat difficult for the county to finance the building of the new bridge, but the county officials state that ways and means have been found and that the work can be done. Plans for the bridge will be drawn at once by the engineers and the work will soon be under way.

THE GOVERNOR'S MESSAGE BRIEF

Will Only Make Four or Five Recommendations Is Report.

(By the Associated Press)

OKLAHOMA CITY, April 23.—The message of Governor Robertson to be delivered Monday to the extraordinary session of the Oklahoma legislature, will be very brief and contain but four or five recommendations for consideration by both houses, according to an authentic statement made in circles close to the executive offices here this afternoon.

Contrary to reports that the extra session would delve into all bills that had been passed by the Eighth legislature but which had met death due to the lack of signature by either the heads of the two legislative branches, the statement made today limited measures to be considered to those pieces of legislation in which the state and its welfare is vitally interested.

The two appropriation bills, departmental and institutional, soldier's relief and extra appropriation for the attorney general's department and deficiencies, were the measures outlined as those to be included in the governor's recommendations.

Governor Robertson himself stated that his message will be ready for delivery sometime Monday, probably at a joint session in the morning.

Kansas Bank Closes.
KANSAS CITY, April 23.—The Banking Trust company of Kansas City, Kansas did not open today. Inability to meet current demands was said to be the reason by C. S. Bowman, deputy bank commissioner, who took charge. The institution has not been doing a general banking business, it was explained. Its chief business was loans and mortgages.

Two Shot by Bandits.
KANSAS CITY, April 23.—William Rohr, 18 years old, and George Pummer, 40, were shot today by two bandits in a motor car when they refused to stop their car and give up \$9,000 in currency which they were taking from the Armourdale State Bank, to a cigar store in Kansas City, Kansas. The shooting occurred in Kansas City, Kansas. Neither man is dangerously wounded.

CHAUNCEY DEPEW CELEBRATES 87TH BIRTHDAY TODAY

(By the Associated Press)

NEW YORK, April 23.—Eighty-seven years old today, Chauncey M. Depew, said he didn't think the occasion worthy of much comment, but that he looked forward with enthusiasm to entering his one hundredth year. The former United States senator, who is now chairman of the New York Central railroad board of directors, planned M. Depew, said he didn't think office and to receive a few of his old friends at a dinner given in his honor by Mrs. Depew.

DISTRICT MEET CLOSES TODAY

More Than 600 Contestants Take Part in Great Track Meet.

Starting with a rush and plenty of pep the Ninth annual track and field meet of the East Central district started Friday afternoon with more than 600 contestants taking part in the various events offered. Both literary and track. Large crowds have attended every session of the meet and the enthusiasm has training is done and better records are being made each time.

This is the ninth meet that has been held under the auspices of the East Central Normal, and it has grown better every year until it is now one of the best in the state. The first meet was held nine years ago with about 40 contestants as compared with the 600 this year. The interest in the meet has not only grown in number but in a sporting way also. The athletes look forward to these meets, much training is done and better records are being made each time.

The officers of the meet are pleased with the great success it has turned out to be, the Ada people have opened their homes to care for the visitors, everybody has co-operated in every way to help out, and despite the fact that the weather has been bad during the entire meet, it has not interfered with plans to a great extent. The rain Thursday night and the blowing sand today has been bad on the meet, but the crowds come in spite of this fact.

At the time the News goes to press the track events had just been started and no idea as to the winner of the meet could be made. The Wewoka High school won the cup last year, but up to this time they are falling considerably in the rear. Several of the leading schools, Wewoka, Wewoka, Purcell, Sulphur, Davis, Holdenville, Ada, Maud, Stratford, Okmulgee, Tecumseh and a few others have all made some good scores and the present outlook promises a close race between a few of these schools.

Wetumka Wins Baseball
The baseball tournament was won by Wetumka, they having defeated the Purcell High school this afternoon with a score of 18 to 8 in the final game. This team also made an excellent showing last year in the baseball tourney.

The following is a brief sketch of the preliminary games in baseball: Stratford defeated Maud with score of 6 to 5. Maud fumbled in last inning and losing game. Sulphur defeated Allen by score of 3 to 2. Purcell won from Connersville, Holdenville won from Pauls Valley, Lindsay won from Francis. The Wetumka team proved too much for the Ada boys and defeated them in the first preliminary by a score of 3 to 1.

Second Preliminaries
In the second preliminaries Holdenville defeated Lindsay, Purcell defeated Sulphur and Wetumka defeated Stratford. Of these teams Holdenville Purcell and Wetumka came out for the semi-finals. Wetumka defeated Holdenville and Purcell went down in the final game with a heavy score on the part of Wetumka. This made a total of four games for the Wetumka team in two days. Ada was their hardest opponent to defeat.

Every game was interesting, clean and the boys took their victory and defeat in a sportlike manner. Many good plays were made and some of the best high school baseball ever seen in this city took place during the meet.

Ada Wins Declaration
George Bowman of the Ada High school won first in high school declamation, having won in the preliminaries with Lee Vernon of Sulphur. Vernon, however, lost to Bowman in the finals Saturday morning.

All the literary events were good and more entries than ever before were had in every department, in

One Bullet Passed Through Head and May Prove Fatal.

With four bullet holes thru his body and one bullet lodged in his chest, Emmett Caudle, 27, was rushed to the hospital by his friends at 3 o'clock this afternoon and is now hovering between life and death from his wounds.

Darius Daniels, 27, was arrested by Sheriff Duncan shortly after the shooting, at the Caudle home, at the end of Fourteenth street, west of the city limits, and is being held in connection with the shooting.

Full details of the shooting affray could not be learned before the News goes to press for the afternoon edition, but it is understood that the two men got into a quarrel while drinking Choctaw beer, at the Caudle home. Neighbors who heard the shots fired called the sheriff's office and told of the disturbance and the officers went to the house and arrested Daniels, the only one found on the place.

Caudle was shot through the head, the left thigh, the left foot and the right arm and a bullet is embedded in his chest. Owing to the great shock caused by the bullets, the hospital doctors have not been able to make a thorough examination of his wounds.

The bullet through the head caused the most serious wound, entering near the nose and passing out through the back of his head, and the doctors are very doubtful whether he will live long.

Caudle refused to make a statement of the affair to a representative of the News a few minutes after he was placed in the hospital, and the officers have not completed their investigation. It is probable that other arrests will be made this afternoon.

the girls reading for high schools, Iva Loin of Tecumseh won the highest honors. In the grade school declamation the Coal county contestant, Ewell Miles, won. The grade reading was won by Pauline Harrell of Hughes county.

Choruses Were Good

The girls choruses were the largest, best and were appreciated better this year than any year in history. In both the high school and the grade school choruses were well represented. The Okmulgee chorus won in the three part chorus, defeating Ada by a narrow margin of 7 points. The score was 260 for Okmulgee to 253 for Ada. Holdenville followed with a total of 230 points.

In the two part chorus the Davis school won, there being only two entries. Other schools entered in the choruses were Pauls Valley, Tecumseh, Wetumka and others, all of whom were good.

Boys Glee Club and Quartet

There were only two entries in boys quartet and boys glee clubs. The Holdenville quartet won the highest honor in this section and the Pauls Valley school were winners in the glee club. In the piano contest the winner was not learned. However in the finals the two contestants were both excellent and made a score of 247 and 223. The second girl to play won.

This concluded the literary program, which was voted by those in charge to be the best ever. No hitch or trouble was encountered. The Ada High school orchestra played while the judges were making their decisions. This is one of the best, if not the best high school orchestra in the state.

Track and Field Today

As was mentioned before, the track events were not held until this afternoon, but so many entries in the different events were had that it has been a difficult matter to keep track of them all. As the News goes to press the latest reports to be received show some good records.

THE LATEST GAG

A man who had quite a number of unmarried daughters was telling a young man how he had made his will so as to induce his daughters to marry. He said he had willed a thousand dollars to Mary, who was twenty-five years old, when she would marry; two thousand dollars to Sarah, who was thirty; Three thousand to Caroline, who was thirty-five; and five thousand to Becky, who was forty.

After thinking the thing over, the young man asked, "You haven't a daughter about fifty, have you?"

"The Poppy Lady" Brings Flowers from Flanders Field for Memorial Day

Mme. ANNE E. GUERIN

The Poppy Lady of France has come to America again. She has brought with her millions of tiny red silk poppies, the kind that "bloom on Flanders Field," and she is going to help America unite with France on Memorial Day by honoring the brave dead who sleep in French soil. The poppy has been adopted by the American Legion and other patriotic organizations as their memorial flower. It was at the American Legion convention last fall that Mme. Anne E. Guerin was christened "The Poppy Lady of France," a name by which she is now known on two continents. The Poppy Lady is the founder of the American and French Children's League in France and America. This is a growing movement which seeks not only to aid the little martyrs of devastated France, but still more important, hopes to teach the children of both nations to remember, and to foster the friendship which had its inception on a battlefield. Its members in France, war widows and orphans, have made the millions of red poppies—exact replicas of the poppy of Flanders field—which America is to wear on May 29th. This blood-laced blossom, immortalized in poetry, has come to symbolize the spirit that sustained the victorious nations during the years of struggle when the outcome of the conflict was in doubt. It is a symbol, too, of the love and gratitude France bears for America. On this Memorial Day, France will cover the graves of American soldiers with poppies, while every patriotic man, woman and child over here will wear a poppy to show that the "brave dead have not died in vain."

Preliminary Trial Tomorrow for Two Accused of Murder

The preliminary trial of A. D. (Bud) West and Mrs. Lucy Copeland, jointly charged with the murder of Frank Kerr, will be held tomorrow before Justice H. J. Brown. Kerr died at his home a mile north of Steedman on March 11, of arsenic poisoning. The Kerr family and the Fred Copeland family had lived together in a tent at that place for several months. Copeland was taken sick a few days before Mr. Kerr died, with an illness which the doctors diagnosed as poisoning, but he recovered after spending two weeks in the hospital. After recovering from his illness Copeland filed suit for a divorce from Lucy Copeland, his wife, charging in the petition that she had tried to poison him and that her relations with West had been improper. West lived on a farm some three miles north of Steedman. He is married and has four children. After holding a court of inquiry and making other investigations, the results of which have not been made

known, the county authorities arrested West and Mrs. Copeland and filed charges of murder against them. West has been in jail here since April 8, and Mrs. Copeland has been in the custody of the officers since that date, awaiting their preliminary hearing. Both strongly maintain their innocence and expect the judge to release them at the conclusion of the trial. A number of witnesses will testify for the state.

Children who have worms are pale sickly and peevish. A dose or two of White's Cream Vermifuge will clear them out and restore rosy cheeks and cheerful spirits. Price, 35c. Sold by Hensler & Story. (adv)

SYMPTOMS WOMEN DREAD

Mrs. Wilson's Letter Should Be Read by All Women

Clearfield, Pa.—"After my last child was born last September I was unable to do all of my own work. I had severe pains in my left side every month and had fever and sick dizzy spells and such pains during my periods, which lasted two weeks. I heard of Lydia E. Pinkham's Vegetable Compound doing others so much good and thought I would give it a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish."—Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

The experience and testimony of such women as Mrs. Wilson prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound will correct such troubles by removing the cause and restoring the system to a healthy normal condition. When such symptoms develop as backaches, bearing-down pains, displacements, nervousness and "the blues" a woman cannot act too promptly in trying Lydia E. Pinkham's Vegetable Compound if she values her future comfort and happiness.

Tells How She Kept Spitz White

Learned Secret From The Washwoman

Another secret process was unwittingly betrayed at a street discussion between two women recently. The women, elaborately dressed and seemingly of the "sheltered life" type stood, pets in leash, as they gossiped. The one with the Japanese spaniel spoke first:

"I have an awful time with Togo; he is such a little aristocrat," and she jerked at the chain as her substitute for a child showed a desire to greet a passing mongrel. "He detests castle soap and I always use facial for his bath, but he just adores lilac-scented talcum powder afterward and I have a spray with lilac water that the both of us use. How's little Snowball

now?" (referring to the other woman's spitz). "We heard he was ill. You must have been worried sick. I often wonder how you keep him so white."

The other woman's turn, at pampered pets milled about: "It was terrible; Snowy had colic; ate too much squab—we have to get them especially for him, the little darling—but we got the best doctor we could find and he was all right in two days. Oh, yes, how do I keep him so white? Bluing. Always after his bath I put him through bluing; learned it from watching a washwoman once. She put her fine white clothes into bluing and it works just as well with Snowy."

INJUSTICE DONE STATE

DECLARES STATE SUPT.

(By the Associated Press)

OKLAHOMA CITY, April 19.—Declaring that Oklahoma had been done an injustice in the report of the Russell Sage Foundation placing the state thirty-sixth in educational rank in the union, and pointing out that the computation was based upon the 1910 census of the state, R. H. Wilson, state superintendent of public instruction, today mailed out a revised report of conditions on the 1920 census.

"Comparing this report with that made by the Foundation, I believe you will find that a fair estimate by honest survey shows that the state ranks between tenth and fifteenth in the country," Mr. Wilson says. "It has been our purpose to be entirely fair with the Foundation report but at the same time to show parties living in the east should have considered more definite data in preparing a survey and consulting with an authority before taking their findings to the press."

The Foundation report was based upon 10 different points. The percent of school population attending school daily; average days attended; average number of days schools were open; percent that high school attendance was of total attendance; percent that boys were of girls in high schools; average annual expenditure per child; average annual expenditure per child of school age; average annual expenditure for teacher; expenditure per pupil for purposes other than teachers' salaries and expenditure per teacher for salaries.

Mr. Wilson, in his letter, compared all of these points with other states and the conditions existing in Oklahoma in 1920, attempting to show that the Foundation report had not been made up completely on facts. In one instance, it is explained the Foundation report shows that Oklahoma had 75.6 percent of her enumeration enrolled in 1917-18, while records on file in the office show 84.6 percent enrolled.

"In considering the high school situation today, it is only in justice to the state to note that in the spring of 1920 there were graduated from our four-year, fully accredited high schools, 5,349 boys and girls. In 1919 there were graduated 3,330. In this year we increased our output more than 63 percent, yet it is a negative factor in the foundation report."

Taking the state of Montana, the leader in the report, Mr. Wilson declares that the average annual expenditure per child in 1917-18 was \$42.27, compared with \$103.08 in Montana. The average annual expenditure per child of school age was \$19.42 in Oklahoma and \$88.90 in Montana, he states.

"The expenditure per pupil for purposes other than teachers' salaries shows Oklahoma as \$18.19, while Montana's record for the same period, 1917-18, is \$57.62," the report declares. "The annual expenditure per teacher employed is \$83.26 for Oklahoma and \$130.18 for Montana."

"No consideration has been given, it seems, to certain fundamental characteristics of a good school system, which are usually taken into account in a survey. The report states that many phases are not included in the items measure, and

it is my contention that these elements, among which Oklahoma is well ranked, would greatly contribute to a higher position."

Mr. Wilson admitted that the state falls short on five of the points mentioned, all of which allude to financial expenditures. He added, however, that actual conditions on other points were above the average in other states and felt confident that if computed on a 1920 basis the state would compare well with neighboring educational leaders.

FIELD SERVICE MAN

IN CITY YESTERDAY

(By the Associated Press)

OKLAHOMA CITY, Okla., April 21.—Dr. S. A. Jones of Washington, D. C., chief of the field service of the U. S. Bureau of Crop Estimates, arrived in Oklahoma City today on the first inspection in the state since the installation of the bureau to co-operate with the state department of agriculture several years ago. Dr. Jones came here from Texas on his nation-wide inspection of the more than 20 states now having the co-operative crop reporting service.

Dr. Jones will visit several of the institutions in the state and go over existing conditions of the bureau's work in order to check up and improve, if possible, the co-operative system which the combination of the statistical divisions of the two departments bring about. H. H. Shutz is the federal reporter for Oklahoma.

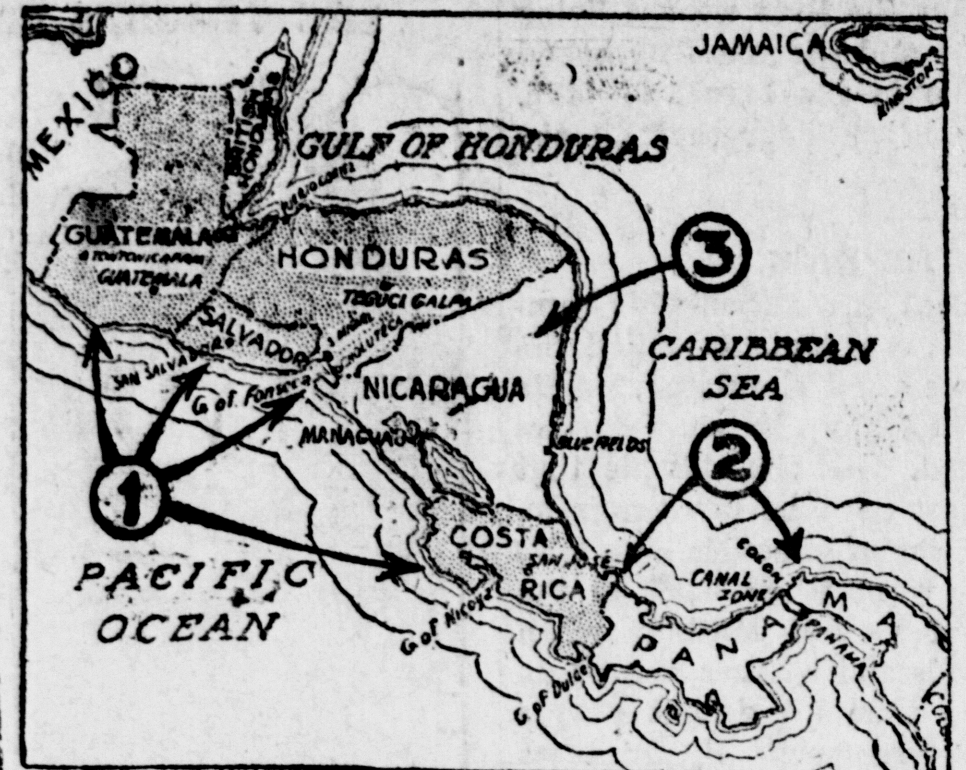

The bureau of crop estimates is the accountant of the nation's agriculture, collecting and compiling the records of the country's \$80,000,000,000 industry. In Oklahoma this bureau compiles the data on every crop which the state grows, the amounts sown and grown and extends its scope to include livestock. Hundreds of farmers have written the bureau here that they have profited from a few hundred dollars to several thousands of dollars because of the conservativeness of bureau reports and the farmers' ability to regulate their plantings and marketings each season through the data supplied them from the department.

An insight into the crop reporting service shows that there are approximately 220,000 voluntary crop reporters located in all parts of the United States, each supplying this information to the field statistician in his state. In Oklahoma the corps of reporters numbers more than 20,000.

"Speculation thrives on lack of public information and crop statistics dispel much of the doubt and uncertainty all too common among those whose labor is the real base of the prosperity of a hundred

million souls," Mr. Shutz said in commenting on the value of the service. "The thoughtful farmer who takes the trouble to read these reports issued every month is helped to form an idea when and where to sell his produce and to decide whether to decrease or extend his acreage."

The mailing list of the bureau shows that not only farmers but many banking institutions in the state follow closely the bureau's reports. Railroads likewise are found to use the reports as guides in arranging to supply cars when and where needed for moving crops. Manufacturers, merchants, dealers and business men, generally, request the bureau's report because they say they enable them to plan their operations far enough in advance so that the machinery, farm equipment and supplies which the farmers will require can be supplied when needed.

NEW GOVERNMENT

SYSTEM PROPOSED

(By the Associated Press)

COPENHAGEN, April 23.—The Danish government is trying to formulate a new system of government for its colony of Greenland but the Royal Commission appointed for that purpose has been unable thus far to agree whether the Eskimos or that far northern land shall be allowed to have free trade with all nations.

King Christian is to visit Greenland in June, the first time a Danish King has ever visited that colony, and the commission hopes to reach an agreement in time to enable him to announce the new plan of government when he is greeted by the Eskimos.

A well-known Greenland explorer, who is not a member of the commission, told the correspondent that one section of the commission was holding out for free trade between the Greenland Eskimos and the nationals of all countries. "This section," he added, "rightly says that the present system of the Danish state granting a monopoly to a single company, even if this company is managed by Danish state officials and for all practical purposes is a government department, is a direct violation of all democratic principles."

Without any competition, no company, and particularly a company managed by state officials, could possibly be expected to obtain for products of the natives the same high prices as would be obtainable in the open market. Monopoly never bred efficiency.

"On the other hand, the other section of the Royal Commission asserts that the Eskimo is a child and must be treated like a child, that intoxicating liquor and other of the 'blessings' of civilization must be kept away from him, or he will go to rack and ruin."

"Every Greenland settler has been visited by illegal traders who have shamelessly taken advantage of the confiding nature of the Eskimos. For a bottle of vile spirits, or a row of glass beads these 'traders' have robbed the natives of bearskins and other products of great value. So a grand-motherly trade restriction may not be right in principle but certainly in practice."

Burlesque actors say they are playing to small audiences. There's a barometer of business conditions that beats financial experts.

UTILITY CASES TO BE

HEARD BY COMMISSION

(By the Associated Press)

OKLAHOMA CITY, April 21.—Twelve utility cases are scheduled for hearing before the state corporation commission during the week April 21-28, according to an announcement today of the docket. Six of the cases are on alleged violations of commission orders.

The docket follows:

HAS DONE FOR TOWN OF DUNCAN

DUNCAN, Okla., April 22.—Contracts aggregating \$650,000 for paving projects in Duncan have been let by the city commission. The project includes the remainder of Main street in the business section and practically every residence

street of importance on the west side of the railroad.

A portion of the work will be completed within sixty days, and all is to be done within 150 days. Contractors will start operations immediately, all legal preliminaries being completed.

If the citizens vote the \$800,000 bonds on May 5 for lights, water and sewer extensions, as now appears certain, the city will have a building program of \$1,450,000 under way within sixty days.

FRENCH DISPLEASED

WITH OUR REPLY

(By the Associated Press)

PARIS, April 22.—French official circles expressed disappointment today that the American reply to Germany's request for mediation was not a categorical refusal. The regrets were mitigated, however, by satisfaction that the United States was displaying an active interest in the reparation question.

The American answer is interpreted here, only as an invitation to Germany to resume negotiations with the allies. It is thought that the United States will not continue the conversation with Germany except in accord with the allies.

Serenade

The moon, a golden vessel attill,
Pours a stream of silver steep,
Flooding the earth, the pebbled sky,
Sleep, love, sleep.

The little airs among the flowers
Make the moon-shadows creep
In swaying patterns o'er your face,
Sleep, love, sleep.

The elves appear; the insects play
The opening waltz, slow and deep
They cross the moonlit-frosted lawn,
Sleep, love, sleep.

When shadows presage the nearing

Should either of us weep?
Together, we have spent the day,
Sleep, love, sleep.

In The Oil Fields

Conservation Commissioner Invited.

Members of the Carter-Nance-La-
selle syndicate have invited the state
oil conservation commissioner to
Ada to be present when the big
well on the Burk farm, in 32-5-5
is drilled in and tested.

No announcement has been made
by the syndicate as to when the
well will be brought in, but it is
thought the work will not be post-
poned much longer.

Members of the syndicate have
tendered the News staff an invita-
tion to be on hand when the well
is drilled in, and the invitation has
been accepted with all gratitude.

Pontotoc County Looms Up.

Oil and Gas Journal.

The Carter, Nance and LaSelle
Syndicate furnished the feature well
of the past week in Oklahoma, in
the southeast corner of section
32-5-5, Pontotoc county, far re-
moved from any other signs of oil or
gas. The well was drilled to the
sand at 1,750 feet last week and
on Saturday it was opened up and
flowed 25 bbls in 20 minutes,
cleaning itself. It is estimated as
a 150-bbl. well at least, but as it
is only a foot in the sand at this
writing this estimate may be wide
of the mark. The total depth is
1,751 feet at this writing.

the Doan Oil company as general
field men and geologist, now in
charge of the development depart-
ment for the Graham Oil company, ar-
rived yesterday from Fort Worth
and spent the night and part of
today in this city. Mr. Giffen said
to the News that he is very glad to
learn that the great things which
he had heard in Texas of the Ada
field, were not overestimated.

Mr. Giffen made the location for
the Doan company in 20-4-5 and
has always had great faith in the
field. He owns quite a bit of acre-
age northwest of Ada and it is re-
ported that he turned down a
handsome price for it, just before
leaving the city.

Mr. Giffen severed his connection
with Doan last February and has
since that time been working for the
Graham. He was to leave for Old
Mexico this month on company busi-
ness, but says he was scared out of
making the trip by the "black
plague," which is said to be raging
in that country.

Doan to Resume Drilling.

Harry Myers is expected to re-
turn to Ada before the end of next
week and resume the drilling of the
Doan well, in 29-5-4, where oper-
ations were suspended temporarily
about the middle of February, at
a depth of approximately 950
feet.

This well is located seven miles
northwest of the Carter-Nance-La-
selle well, in which the oil bear-
ing sand was reached one day of
last week. The well is on a dome
similar to that drilled on by the
Carter-Nance-LaSelle syndicate and
practically the same geological sur-
face conditions obtain at the two
wells.

The Doan was drilling in ten-inch
when the work was suspended and
it is said that the hole is in per-
fect condition. Men interested in
the field will be glad to see the
Doan test resumed, as the well
will widen the knowledge of the
Ada field by removing the element
of doubt from territory which has
all the ear marks of big production.

Gushers and Dusters.

The conversation had to do with
gushers, fortunes made overnight,
and the like. The usual oil mad
crowd was milling around the lobby
of the Harris hotel, but these
six men were having a picnic all
of their own in a corner of the
room. Occasionally members of the
jostling crowd would halt near them
and listen to the stories of
wealth and ease, told by these men
who had followed the gray trail
from Old Mexico to Pennsylvania
and back to Oklahoma by the way
of Europe.

One of the boys had just finished
bringing in a \$25,000 barrel well on
a lease which he had sold three
months before at a dollar an acre,
when a young man who had been
listening to their talk for a few
minutes, addressed the six:

"Speaking of gushers, gentle-
men," he said, "let me tell you of
some dusters," and he drew a soiled
piece of paper from his pocket
and unfolded it. It was a map,
showing five townships, with the
sections marked. Almost every sec-
tion of land represented on the map
contained a number of black spots,
which had been printed there when
the map was made.

"Some oil well," exclaimed John
Fitz, who knew from long experi-
ence what the dots on a map stand
for.

"Some oil wells," echoed Ollie
Lancaster, looking over the stran-
ger's shoulder.

"Gentlemen," said the man with
the map, "each dot on this map
represents a well which has been
drilled by men searching for the
liquid gold of which you have been
speaking. The significant thing
about this map is that every last
one of these wells was a duster.

So far as is known not a drop
of oil nor a smell of gas has is-
sued from any of them. But in spite
of that fact men still are drilling
in the field and right here," point-
ing out a location, which had not
less than 20 black spots indicating
dry holes within a mile of it, "right
here a man paid \$5,000 for a lease
on three acres, a week ago."

"Impossible!" exclaimed the six,
with one accord.

"The statement is true," replied
the stranger, "and when I tell you
that this is a map of a portion of
the Cushing field, showing only the
dry holes and none of the big
producers which have made that
field famous, you will agree that I
have not misrepresented things."

"Some map!" said Sarkie, and
the crowd broke up.

Oil Lease Sells for \$70,500 at Auction

(Continued from Page 1)

million dollars and is prepared to
carry on operations on a magnifi-
cent scale.

Water \$500 a Pitcher.

Robert Norman Hatcher, the 19-
year-old minor owner of the
147 1-2 acre tract, was present
during the sale and watched the
proceedings with a great deal of
interest as, with each new announce-
ment a snug amount was added to
his prospective fortune. He sat by
his mother, Mrs. R. E. Hatcher,
throughout the sale, except just a
few minutes before the final bid
was made, when Bob Wimbish
handed him a water pitcher and
said: "Son, go after a pitcher of
water, just to kill a few minutes.
I believe you will make \$500 if you
will take your time." As the young
man left the courtroom the at-
torney was crying \$70,000, and as
he entered the room a few min-
utes later, Bob was saying, "Gentle-
men, I am offered \$70,500 for this
lease. Are you all through?" They
were all "through," and the
young man no doubt made \$500 by
delaying the sale a few minutes, to
get a pitcher of water.

Young Hatcher will be 19 years
old the last of next month. He
is well known in this city, having
lived here with his mother, at 1200
East Eighth, for five years, up to
this year, when he entered the A.
& M. college at Stillwater. He left
the school a month ago and went
to Sherman, Texas, where he work-
ed in a hardware store until Fri-
day of last week, when he received
an offer of \$60 an acre for his
lease, and thirty minutes later re-
ceived an offer of \$150 an acre.

Quits Hardware Store.

He left the hardware store and
came to Ada, where he learned of
the big strike which had been made
near his lease. His mother and
father being divorced, he asked
that a guardian be appointed to
handle his affairs and recommend-
ed L. A. Ellison, cashier of the
Oklahoma State bank, for the pos-
ition. After the necessary legal de-
lay, Judge Ta Crawford confirmed
the recommendation and appointed
Mr. Ellison to represent the minor.
The property was advertised for
sale and today's proceedings are
the result.

High Blood Chickasaw.

Young Hatcher is a one-eighth
blood Chickasaw Indian through
his mother, who is a quarter blood.
He expects to enter the Missouri
Military Academy, at Mexico, Mo.,
when the school term opens next
September. He said to a repre-
sentative of the News that his father
offered to sell the 147 1-2 acre
tract which sold today, to Dr.
Craig of this city ten years ago
for \$4,000. He still retains a roy-
alty interest in the property and
will receive one-eighth of every-
thing produced by the oil com-
pany.

Is Haywood in Russia.

(By the Associated Press)
CHICAGO, April 23.—Federal
officials today said they received
information that "Big Bill Hay-
wood, I. W. W. chief, who is be-
lieved to be in Russia, had gone
to that country to become head
of the propaganda bureau of the
soviet government.

"We have information that Hay-
wood was chosen for this work by

Lenine after being recommended by
certain radicals who have been de-
ported from the United States,"
said United States District Attorney
Clyne. "We understand that the
first fields of Haywood's propa-
ganda will be Germany, Poland,
Sweden and Finland. He will at-
tempt to bring about uprisings there
we believe. Our information is that
Haywood was approached by secret
agents of the Russian government
and offered the position. I doubt
very much if it will be possible
to extradite Haywood."

Haywood's time limit for report-
ing at the Leavenworth penitentiary
where he was scheduled to serve
twenty years for obstructing war
activities, expires Monday.

The character of a man is told in the character of
his hat. There is something about a man's head that
stamps the form of his hat with his personality. But
the quality of the hat itself, its quality in materials,
its correctness in blocking, help to make your hat
more distinctly your hat if you select it from these
superior makes. See the new shapes and the styles
which will lead this summer in these new straw hats.

L. T. Walters Music Store

The L. T. Walters Music store located at 115 South Townsend is one of the oldest business houses in the city. It has been located in its present stand for the last six years.

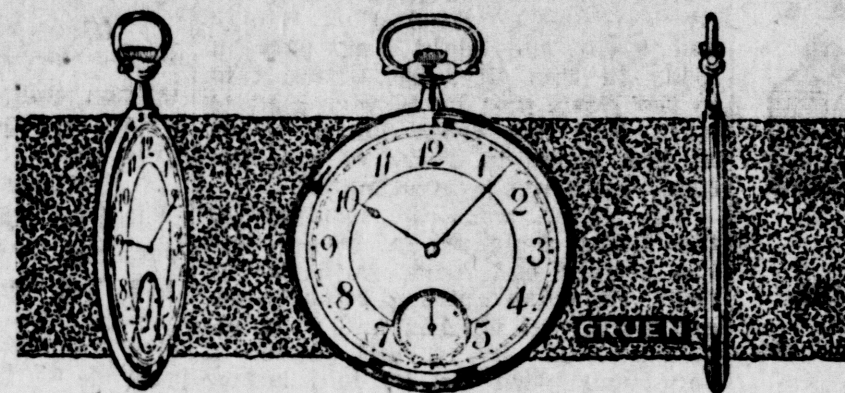

Mr. L. T. Walters the owner of this music store has been in the city for the last eighteen years, being in the Undertaking business for twelve years prior to opening his music store. Mr. Walters is an experienced man in both the Music and Undertaking business, as well as the Furniture line, having been in the furniture business in Sapulpa and Bristow, Oklahoma for several years before coming to Ada.

The present location is in a brick building, 25x100 feet where there is on display one of the largest stocks of Musical Instruments in the city. Mr. Walters employs one besides himself at the present time.

This popular music store carries the well known BALDWIN Piano and Phonographs and also the STAR Phonograph. They always have a large line of Piano Rolls and Phonograph Records in stock. They carry all kinds of Band and String Instruments and a complete stock of Sheet Music.

Mr. Walters is a very progressive business man, as shown by the business he has built up in the city, and he has a very large acquaintance among the old timers of the community as well as with the new comers.

Mr. Walters lives in one the best and prettiest homes in Ada. He is a licensed embalmer and the phone number of his Music store is 13.

Are You Proud of the Watch You Carry?

The pride you take in the watch you carry is the result of three things: the intrinsic beauty of the watch, its dependability, and its reputation.

Our own line of watches was chosen with these points in mind. In our displays you will find the daintiest of wrist watches, wrought in white and green and yellow gold, in platinum and diamonds — some delicately hand-chased, others inlaid with enamel — creations of rare charm and grace which you instantly recognize as leaders in the watchmaking field.

Particularly distinctive is our selection of Gruen Watches. The Gruen Guild of craftsmen are famous as makers of small watches — watches which combine accuracy with the utmost in artistry.

Here, also, you will find the Gruen Verithin Watch—a watch as modern as the cut of your clothes—a timekeeper of the greatest accuracy.

When you own a Gruen Watch you will feel that pride which comes with the possession of a fine watch.

We particularly invite you to come in and view them while our stock is most complete.

Roquemore Coming to McSwain Theater For All Next Week

By special arrangements Manager McSwain, of the McSwain theatre, has secured the popular Henry Roquemore's Musical Comedy for all next week, starting Monday matinee presenting a new musical comedy called "Good Night Peg," written by Lawrence Bingham with music by J. C. Murphy.

Henry has more friends in Ada than all other travelling musical comedy managers combined, and it is with much delight that the McSwain management announce the engagement of this organization, for Mr. Roquemore always brings a superior show to town and the amusement lovers look for something good and always get it—this show never disappoints.

Fred Kaun, LeRoy, who has been under the Roquemore management for two years, is now a fixed feature with his excellent organization and all Ada is proud of the advancement made by their own son, for Freddy has made good.

A week of genuine entertainment with shows offered that are all clean and refined to the extreme will be your pleasure next week. Arrange to see the Roquemore show it is decidedly worth while.

Ada Folks Enjoy Entertainment at The Lanham School

The seven months term at the Lanham school closed Friday with an appropriate entertainment in the evening consisting of readings, recitations, dialogues, and musical numbers.

The entertainment was well attended and the audience, though crowded, show their appreciation by their splendid order.

Miss Ruby Andrews, the teacher, who is a resident of Ada, had invited a number of her Ada friends to attend and several automobile loads of Ada people accepted the invitation.

One of the features of the program was a short talk by Dr. J. C. Breco of Ada, on the subject "Better Schools and Better Roads."

Chester Byrd Injured.

Report comes to Ada today that Chester Byrd, of this city, happened to what came near being a serious accident when he drove his car into dismantled bridge west of Stonewall last evening. It is reported that the car was badly damaged but that Mr. Byrd only sustained some scratches and bruises which are inconsequential.

Dubinsky Brothers To Show in Ada All Next Week in Tent

The Dubinsky Brothers big tent will arrive in Ada tomorrow, and on Monday will pitch their tent on the vacant show grounds east of the Harris Hotel for a week's engagement.

This is one of the very best stock shows on the road and the people of Ada are not strangers to the Dubinskys, as they have been making this city for the past twelve years.

The manager of the show, in conversation with a News representative last evening, stated that the show this year is bigger and better than ever, and that they will present an entire change of program here every day.

The Dubinsky shows carry an excellent orchestra, and there will be good music at every performance, on their former visits to Ada they have never failed to play to a packed tent at each and every performance.

It is stated that a new record run between New York and Rio de Janeiro has been established by the steamer Huron of the Munson Line. The vessel arrived at the Brazilian port in 13 days and 22 hours.

At the McSwain. Can you fancy William S. Hart, western hero and former bad man in a score of pictures, as a policeman? Well, he is just that in his latest production for Paramount "The Grade of Courage," which scored a decided hit on its presentation before an enthusiastic audience at the McSwain theatre yesterday.

The old saying that "it takes a thief to catch a thief" is exemplified in this photoplay in a sense, but this is in no wise the theme of the story. "Squire" Kelly, portrayed by Mr. Hart has been a safecracker who is reformed in the crucible of war at the fighting front and who becomes a policeman in furtherance of his plan to live straight. Of course, there is a pretty girl who inspires his purpose to relinquish his criminal career.

Young ladies who are eating yeast cakes for their complexion could have a delightful heart-to-heart talk with the old-timer who carried a buckeye for rheumatism.

A college for brides is in session at the Y. W. C. A. in Chicago. The course consists of mastering a variety of menus and learning attractive methods of serving meals. They will be taught how to make a family budget, how to buy wisely and how to make all manner of attractive clothing. The art of conversation, story-telling and better English are also included in the curriculum.

Church and Sunday School

First Baptist Church

The Sunday School at our church begins promptly at 9:45 with Mr. J. A. Ridding as Superintendent. We want to break all previous records tomorrow and consequently urge parents to come and bring their children. Invite your neighbors and friends to come also. All classes meet at the church except the Business Men's Bible Class and it meets at the McSwain theater at 9:30. We are making an effort to have one hundred men present tomorrow. Wives, mothers and sisters are asked to co-operate with us by urging the husbands, sons, brothers and fathers to attend that class.

At the eleven o'clock hour the pastor will preach on the subject: "Loyalty To a Program," at which time every person who has a pledge to the Baptist Seventy Five Million Fund, will be asked to pay up if possible, if not, to pay as much as they can. Those who have no pledge will be asked to make one or to contribute as much as possible to the fund. Those who are not present will be called on later but you can save lots of work by being present and arranging about your pledge.

The Sunbeams will meet at 3 o'clock in the afternoon. Miss Annie Bell Perry is leader.

The Junior B. Y. P. U. will meet at 6:45. All young people between the ages of nine and twelve, are asked to be present. Mr. and Mrs. A. H. Davis will be in charge.

The Intermediates will meet at 7:00. This organization is for all young people between the ages of twelve and sixteen. Mr. and Mrs. C. A. Bell will be in charge.

The Senior B. Y. P. U. will meet at 7:00. All young people from sixteen up, are urged and cordially invited to be present. Miss Opal Little is president.

The pastor will preach an evangelistic sermon at the evening hour. The service begins at 8 o'clock.

Oil men, traveling men and any other strangers in the city, as well as local people are cordially invited to be with us. The glad hand is ever ready for you.

Business Men's Bible Class

The Business Men's Bible Class of the First Baptist church will meet Sunday morning at 9:30 at the McSwain theater. It is the plan of this class to have several hundred men present within a short time who will spend an hour together studying God's word. They have hundreds in other cities, why not in Ada? Some have already said that it would work in other places but that it could not be done in Ada. We believe it can be done and we are setting ourselves to the task of proving to the crepe hangers that it can be done.

We want to urge every man who reads these lines to be present at the McSwain theater Sunday morning at 9:30, provided you are not present attending Sunday School somewhere else. It looks like Ada is to be an oil field and if this good fortune comes to us, it will bring its perils as well as its benefits, and in our eagerness to make money, which is commendable provided we deal squarely, let's not forget our God, and thereby make what would otherwise be a blessing, a curse to ourselves and to our fair city. Be careful about trading on Sunday. Let's not make Sunday a day for dealing in leases and running all around over the country in the interest of business, but let's spend it in worship.

A cordial invitation is extended to all oil men and others to be with us Sunday morning. The glad hand will be extended to you.

Officers and Members of the Business Men's Bible Class.

Boy Scout Service

Sunday evening at 8 o'clock the Methodist scouts will have charge of the evening church service at the First Methodist church. The pastor will deliver a short sermon, appropriate to the occasion and the program by the scouts will take up most of the time given to the preliminaries in a church service. Below is the program:

WILL BUILD AT THE CITY LAKE

To Help City Win Better Cities Contest.

Ada scouts are going to do their part in helping Ada to win the "Better Cities" contest. With the support of the Lions Club and other good citizens the boys expect to get the lodge at the city lake soon.

This lodge will be constructed by the scouts and they plan to have it done by May 31. It will also help several of the first class scouts in winning the Eagle Scout rank.

BOYS GET MERIT BADGES AT MEET

At a meeting of the merit badge examining committee last Wednesday night at the scout headquarters, 11 boys were present and passed tests for a total of 38 badges. The men who kindly lent their services for this were Messrs Ben Baldwin, Robert Chaffin, D. T. Bradshaw, Harry Miller and Melton.

The following boys passed tests: Renfro Herndon passed tests for one Junius Kidding for 3, William Roach for one, Tom Steed for 2, Harvey Faust for 3, Dean Spencer for 6, Drew Page for 8, Terry Manville for 6, Russell McAlister for 4, Richard Simpson for 3.

Near Eagle Scouts.

Several of the first class scouts of the city have almost attained the highest rank in scouting and it is expected that two or three of them will win this high honor on May 31. This rank is the Eagle Scout.

A good name?

"How are we responsible for the good name of others?" Margaret Chilcutt.

"How will our speech contribute to our good name?" Ed Gwin.

"What did Christ say about all men speaking well of us?" Juanita Ford.

"How will our Endeavor aid us in getting a good name?" Jack Conn.

"Why is youth the time to begin to get a good name?" Harrie Lee King.

WILL HOLD TRACK AND FIELD MEET FINALS MAY 14

The finals in the track and field meet work-outs will be held by each troop on Saturday May 14. Every troop in Ada will at this time hold their finals in order to select their men for the regular meet which will be held May 31.

This will be the first meet ever held by the scouts of the county. The Ada boys are making preparations for the meet and much interest is being shown. All the boys are requested to do their part in helping their troop to win the meet.

How They Stand.

The following is the standing of the Troop Efficiency contest for the bugle which is being given by T. O. Cullins to the highest scoring troop.

Troop 1	354
Troop 2	92
Troop 3	122
Troop 4	40
Troop 5	60
Troop 6	344

Troop 1 took the lead at the start and has held it by a narrow margin with Troop 6 and close second.

Now Is the Time

Now is the time for all good scouts of the city who are interested in making progress in the scout work to get busy. With the spring on hand, those who have a day off should take advantage of it by spending it in the woods, or else where in this work. Do not delay as a day lost means a day to be regained by hard work.

Special Mention

L. T. Walters is just in receipt of a letter from Rev. Harry M. Woods, of Sapulpa, Okla., stating that he will not be able to commence his work as pastor of the First Christian church in Ada on the first Sunday in May as was planned, because of the illness of his boy, who is now under quarantine, having the scarlet fever.

He further states that Mrs. Woods is now at home and is doing well after having been in the hospital.

Notice through the News will be given later on as to when Brother Woods will be ready to come.

WILL INSTRUCT BOYS IN MERIT BADGE EXAMS SOON

Beginning in the near future, one night of each week will be devoted to the instructing of boys in the tests in merit badges. Several of the leading business men have consented to lend this much of their time to teach the boys the various things that are required.

All first class scouts should attend this class, as it will not only be instructive but will help them in advancing in scouting. These men will give 20 minutes talk on the various subjects. Watch the News for further announcements.

BAND CONTINUES TOUR OF COUNTY

Next Friday the Boy Scout Band expects to go to either Vanoss or Allen to give a concert. No definite plans have yet been announced but the boys are anxious for the trip and take delight in going to the various towns over the county.

They have already given concerts at Francis and Fitzhugh.

Camping Equipment

A list of the required equipment to take on the camping trip this summer will be posted at the scout headquarters all next week and the boys who intend to go on the hike are requested to come around to that place and copy the list. The scout executive will leave soon accompanied by W. J. Coffman to select the camping grounds.

PLAY GIVEN BY IRVING TROOP

Church Packed When the Boys Hold Court.

The Irving school troop gave a play at the Oak Avenue Baptist church last Monday evening. The church was crowded and the boys were at their best having practiced for the event for several weeks.

This is their first appearance with a thing of this nature and the boys are to be congratulated on their excellent work. The title of the play was "The Great Pumpkin Case."

METHODIST BOYS TO HOLD SERVICES

The Sunday church services at the First Methodist church will be conducted by the scout troop of that church Sunday evening April 24. It will be largely a musical program, though two of the scouts are on the program for brief talks.

They have been preparing for this for some time and all are cordially invited to come out and hear them.

Boys should study the scout manual. It contains thousands of items of interest to any boy and those who acquaint themselves with it will find less trouble in passing and living up to the scout laws.

This is a good time for the boys to take their seven mile hikes. The weather is neither too hot nor too cold for this hike, and those who wait until the summer weather comes, will find it more unpleasant.

"Eternal Triangle" May Have Caused Shooting Saturday

The eternal triangle appears to have been an important factor in the trouble which culminated Saturday afternoon in the shooting of Emmett Caudle by Darius Daniels at the Daniels home, on west Fourteenth street.

Caudle, now in the hospital with five bullet wounds in his body in a statement to the county attorney today said that he went to the Daniels home with Daniels. According to Caudle, Daniels invited him home with him, promising that they would get some whiskey when they got there. He says they entered the house and played a game of cards while they waited for a boot-legger to appear with the whiskey. After playing the game Caudle says Daniels went into an adjoining room to see if he could see the whiskey peddler coming and in a few minutes re-entered the room and opened fire on him without any warning. He says he grappled with Daniels, who continued to shoot him, and after a brief struggle he broke loose from him and ran from the room. He says Daniels followed him to the door and shot him one time in the side after he had left the house. He claims he does not know why Daniels shot him.

Daniels, who is being held in the jail pending developments in the case, has made the statement that he shot Caudle because his conduct toward his wife was improper and because he persisted in his attentions toward her after he had warned him to leave her alone.

Claiming to have intercepted a letter written by Caudle to his wife, Daniels is said to have warned Caudle against coming to his home. Saturday afternoon he is said to have seen Caudle coming in the direction of his home and waited for him on the inside of the house.

Caudle is said to have entered the room where Daniels was and the two men began to quarrel. Daniels is said to have pulled his revolver and fired the shot which struck Caudle in the back of the head. Caudle fell across the bed and laid there perhaps three minutes, bleeding and groaning. Then he is said to have got up from the bed and attacked Daniels. As the two men struggled about the room Daniels is said to have pulled his gun again and fired several other shots at Caudle. Finally Caudle, after being shot several times broke loose from Daniels and ran from the room. Daniels fired a last shot as Caudle left the room and the boy fell to the ground.

Some of the neighbors phoned the sheriff's office and the hospital. When the hospital doctors reached the Daniels home they found Caudle sitting on the front porch, surrounded by several persons who had collected there. He was taken to the hospital where an examination disclosed that he had been shot in the head, the right side, the left thigh, the left foot and the right arm.

The wound in the head appeared to be the most serious. The bullet had entered just back of the left ear, had passed through the head and was located in the nose. The bullet was removed with very little trouble and as far as the doctors can tell, no serious damage was done by it. The bullet which entered his right side has not been removed, but the doctors think it will do no harm, as it did not enter the lung tissue. The other bullets passed through the thigh, the arm and the foot and did very little damage. The boy's condition, at first considered critical by the doctors, has continued to improve since the bullet was removed from his nose and it is thought that he will recover.

Peaceful Isle That Causes International Row

View of northern end of island of Yap.

The island of Yap, dot on the Pacific, which is the cause of a serious international dispute, looks to the man aboard an ocean

liner like a sleepy little innocent island. The scene above is typical. Here, at the northern end of the island, natives are

loading a ship which has arrived to carry away a load of copra, dried coconut, the island's principal product. Yap's importance

lies in the fact that it is a cable station. The U. S. refuses to allow Japanese control of the island.

SUPREME ALLIED COUNCIL TO MEET NEXT SATURDAY

(By the Associated Press)

LYMPNE, England, April 25.—Final arrangements for the meeting of the supreme allied council to be held next Saturday were made by Prime Minister Lloyd George and Premier Briand before they separated here this morning, following their conference relative to German reparations. Both the premiers arose early and had a long conversation relative to details of the situation they were unable to discuss yesterday.

It Is Always News.

A well written advertisement, according to an exchange, is always a news item. It tells what, where and for how much. It is the advertiser who speaks and the reader who gets the message and it is glad news for both. There is a pleasure in knowing that you can part with something to supply another's needs, just as it is a pleasure to know where you can get something that is needed.

Red, Red, Rose Order Hold Business Meet and Enjoy Luncheon

The local organization of the Red, Red, Rose fraternity met again last Wednesday evening for the purpose of making plans for the future, taking in a lowly neophyte, and attending to urgent business matters.

They met first at Mrs. Land's lunch room where a chicken dinner was served to all and they went from there to the meeting place to dispense with the work on hand. This consisted chiefly of initiating the lowly neophyte.

There were several candidates to be taken in at this time but on account of the bad weather, none except D. T. Bradshaw of the High school was present. However, this lowly neophyte was given the limit and introduced to the Old Man, the grand benefactor of the Red, Red, Rose organization.

The look of happiness on the face of the lowly neophyte increased as he went further and further into the mysteries and wonders of the order and by the time it was finished he was in a bad condition. However, he seemed highly elated over the generosity of the Old Man, will and in his speech at the close of the initiation ceremonies, stated that he was no orator, but was well adapted to and could appreciate the fraternity fowl, chicken.

This meeting was enjoyed by all and a good time was had. Business matters were taken up at the close of the initiation of the neophyte and Mr. Burris, member of the state board of education, delivered an address on the progress of the organizing. Dr. Linscheid of the Normal also spoke for a few minutes on the future of the Red, Red, Rose, both in the state and nation.

A banquet is being planned for the near future for all members of the order, their wives and sweet-

hearts. The date has not yet been announced for this affair but will be some time next week. This was their first meeting for several months.

Those present were Messrs. Hugh Norris, A. Linscheid, E. C. Wilson, Davis, Newcomb, Garrison, Cox, Vernon, T. P. Holt, Emerson, Pratt, Robinson, Whipple, Felix, Burkhardt, Walters, Parker, Burris as a guest from Holdenville and the lowly neophyte, D. T. Bradshaw.

PREMIERS GEORGE AND BRIAND TO MEET MINERS

(By the Associated Press)

LYMPNE, Eng., April 23.—The British miners and Mr. Lloyd George and Premier Briand of France engaged in a discussion of the French proposal for occupation of the Ruhr basin in the event of Germany's failure to fulfill her reparation obligations and the German not on reparation, says an official statement issued shortly after six o'clock tonight.

The discussions will continue until a late hour tonight and will be resumed tomorrow, the statement adds.

What is wanted from Germany is less say and more pay.

OKLAHOMANS TO RENEW LOYALTY

By a proclamation signed late Saturday Governor Robertson has called on the people of Oklahoma to renew their pledge of loyalty to the United States on April 28, which he designated as Americanism day. Copies of the proclamation were being sent Saturday to all posts of the American Legion to be read at mass meetings which have been planned in 227 communities in the state by the veterans' organization.

Germans Consider U. S. Note.

PARIS, April 23.—Consideration of the government note to the United States was completed at a meeting of the German cabinet last night, says a message received here from Berlin. Party leaders met with Chancellor Fehrenbach to hear a report from foreign Minister Simons, and to express their opinion on the proposal sent to President Harding. The meeting was secret.

GERMANS HAVE SENT REPLY TO AMERICAN NOTE

(By the Associated Press)

LONDON, April 23.—Germany has sent to Washington a reply to the American note rejecting the role of arbitrator for the reparations question between Germany and the allies, says a Central News dispatch from Berlin.

The terms of the note sent to President Harding were not divulged to party leaders up to the time it was dispatched at noon today and its contents will not be made known until later in the day. Leading politicians are declared to have been angry because members of the cabinet did not consult them before the original communication was sent to the American capital.
